Cancellation Policy: A \$250 late-cancellation fee is applicable to cancellations made within two weeks of the event date.

Capacity: Total capacity of the B1 Level is 750 people. Building fire code limits the number and arrangement of tables in B100 which may reduce total capacity. An event floor plan must be submitted for approval to Building Operations at least two weeks prior to event.

Custodial Services (including furniture arrangement): Harvard Facilities Maintenance and Operations (FMO) provide custodial support for events at the Northwest Building. Custodial service is a condition of using space at Northwest. Custodial service is based on an hourly rate which is subject to change. An estimate of total custodial fees is provided on the Reservation Confirmation Form. The actual fee is calculated after the event is complete and is based on the total number of service hours reported.

Decorations: Decorations fixed to any building surface must be done by Northwest Building Operations staff only. Requests for posting or hanging decorations must be submitted to the Building Operations Office at least two weeks prior to event.

Deposit: A 33-digit departmental billing code or \$250 deposit check written to Harvard University is due 30 days prior to the event date. The billing code will be charged or the check applied to costs after the event has occurred.

Electrical Support or Waiver: Additional electrical support is available on an ad hoc basis, is billed hourly and charged to the event sponsor after the event. Extra electrical support should be requested when making a reservation and may not be available if a request is made later than two weeks prior to the event. A 4-hour minimum electrical support charge of \$480 is automatically applied to all reservations unless a waiver is obtained from the electrical support manager at least two weeks prior to the event. It is the responsibility of the event holder to contact the electrical manager to request a waiver. After reviewing the details of the event, the electrical manager will determine if electrical support is needed.
